Profile Summary

Front-End Developer with ~2 years of experience building responsive, scalable web applications using React.js and Next.js. Skilled in state management, REST API integration, and UI performance optimization. Fast learner with strong communication skills and experience collaborating within cross-functional teams.

Professional Experience

Front-End Developer — Corevera

May 2025 – Present | Remote, Egypt

Contributing to a large-scale ERP platform for school management in Saudi Arabia, focusing on building scalable interfaces, clean architecture, and high-quality user experiences.

- Built modular, reusable UI components aligned with clean-code and performance best practices.
- Developed data-driven dashboards, grids, and reporting modules using DevExtreme.
- Integrated REST APIs and optimized state management for better workflow efficiency.
- Collaborated within a large Agile team through sprint planning, code reviews, and documentation.
- Gained hands-on exposure to React Native, contributing to mobile feature development.
- Supported structured communication and coordinated planning to improve delivery.

Freelance Front-End Developer — Sharakat

Aug 2024 – Apr 2025 | Remote

Delivered UI features for multiple production platforms across livestock, farming, and real-estate services.

- Built scalable UI solutions using React.js / Next.js across multiple business domains.
- Improved UX by optimizing navigation, data flows, and workflow logic.
- Integrated REST APIs to support real-time service requests and role-based operations.
- Collaborated closely with stakeholders to translate requirements into functional interfaces.

Freelance Front-End Developer

2023 – Present | Remote

Delivered end-to-end solutions across HR, accounting, attendance, and educational platforms.

- Implemented attendance, shift scheduling, payroll processing, and multi-format reporting.
- Built multilingual, role-based dashboards with modern UI/UX practices.
- Developed responsive portfolio and client websites to support branding and visibility.

Technical Skills

Programming Languages (Experienced): JavaScript, TypeScript

Core Front-End: React.js, Next.js, Redux, Tailwind CSS, RESTful APIs, Axios, shadcn, mui, Next-Auth, React-i18next

UI/Animation: Swiper.js, Framer Motion

Tools: NPM, Git, GitHub, Agile/Scrum

Additional Familiarity: Node.js, Express.js

Soft Skills

- Communication – Express ideas clearly and work smoothly with teammates and clients.
- Problem-Solving – Quickly understand issues and find practical, reliable solutions.
- Teamwork – Collaborate effectively, share knowledge, and support the team's success.
- Conflict Resolution – Handle disagreements calmly and help guide conversations toward solutions.
- Adaptability – Learn new tools quickly and adjust to changing requirements.
- Ownership – Take responsibility and deliver high-quality work.
- Time Management – Prioritize tasks to meet deadlines.

Education

Bachelor's Degree, Engineering — Bani-Suif University (2020–2025)

Live Projects

School ERP System — Saudi Arabia | Corevera | 2025–Present

- Developed attendance, HR, dashboards, reporting modules, and student/teacher portals.

Technologies: React.js, TypeScript, DevExtreme, REST APIs, Redux, TailwindCSS, Git
